- 4- Discuss the theme of human loneliness in "The Open Boat".
- 5- "A Lady in the Looking Glass" deal with the theme of split personality. Discuss.

Q.2. Make a Precis of the following paragraph. (Mere copying the paragraph would not fetch good marks. Use your own language). (10)

In all history, nothing is so surprising or so difficult to account for as the sudden rise of civilization in Greece. Much of what makes civilization had already existed for thousands of years in Egypt and Mesopotamia, and had spread thence to neighboring countries. But certain elements had been lacking until the Greeks supplied them. What they achieved in art and literature is familiar to everybody, but what they did in the purely intellectual realm is even more exceptional. They invented mathematics and science and philosophy; they first wrote history as opposed to mere annals; they speculated freely about the nature of the World and the ends of life, without being bound in the fetters of any inherited orthodoxy. What occurred was so astonishing that, until very recent times, men were content to gape and talk mystically about the Greek genius. It is possible, however, to understand the development of Greece in scientific terms, and it is well worth while to do so. (163 words)

Q.3. Change the narration of any five of the followings. (5)
