UNIVERSITY OF THE M.A./M.Sc. Part - 1 Supply - 202	
Subject: Sport Science & Physical Education Paper: I (Sports Management and Planning Sports Facili	
Attempt this Paper on this Q Division of marks is given in fr	Signature of Suport.
This Paper will be collected back after exp	iry of time limit mentioned above.
Q.1. Choose the correct answer Cutting ar	
a a contract and the contract of a contract	Ind overwriting is not allowed $(8x2=16 + 1 = 17)$
1) Artificial Grounds are used for	(02)
A) Hockey B) Football	
C) athletic events	
D) All of these	
2) people trust a good manager due to	(20)
A) command over English language	(02)
B) handsome personality	
C)his personal integrity	
D) both of above	
3) Staffing involves	(02)
A) supervision	(02)
B) Motivation	,
C) Communication	
D) None of these	
4) How many kinds of artificial surface	(02)
A) Two	
B) There	
C) Four	2 812
D) Five	
5) how brings success to the organization	(02)
A) faith B) dignity	
c) Unity	
D) Confidence	
6) Management function are not limited to	(0.2)
A) organizer and leader	(02)
B) Managers and supervisors	
C) Planner and controller	
D) None of these	
7) Effective communication leads to outcome	(02)
A) Respect	
B) Trust	
C) increased performance	
D) none of these	
8) How many qualities of a good Manger	(02)
A) 26	
B) 30 C) 20	
D) a lot of numbers	
9) Innovation brings	(04)
A) a new ideas new technology	(01)
B) new methods	
C)new products and services	
D) all of these	

M.A./M.Sc. Part - I Supply - 2020 & Annual - 2021

Subject: Sport Science & Physical Education Paper: I (Sports Management and Planning Sports Facilities) Roll No.

Time: 2 Hrs. 30 Min. Marks: 48

ATTEMPT THIS (SUBJECTIVE) ON THE SEPARATE ANSWER SHEET PROVIDED

Note: Attempt any FOUR questions. All questions carry equal marks.

Q-2: Write a detail note on types of administration and management.

Q3: Define sports administration and management also write the down its significance scope.

Q4: Write a detail note on steps of planning and its importance.

Q 5: How do you go about creating a budgeting for your organization?

Q 6: Define artificial surface and discuss in detail artificial surfaces (Indoor and outdoor)

Q 7: Write the detail note on completion of planning commission 1 PC-I.

Q 8: Sketch a tournament structure of Pakistan hockey federation.

M.A./M.Sc. Part - I Supply - 2020 & Annual - 2021

Subject: Sport Science & Physical Education Paper: Ii (Sports Nutrition)

Time: 2 Hrs. 30 Min. Marks: 48

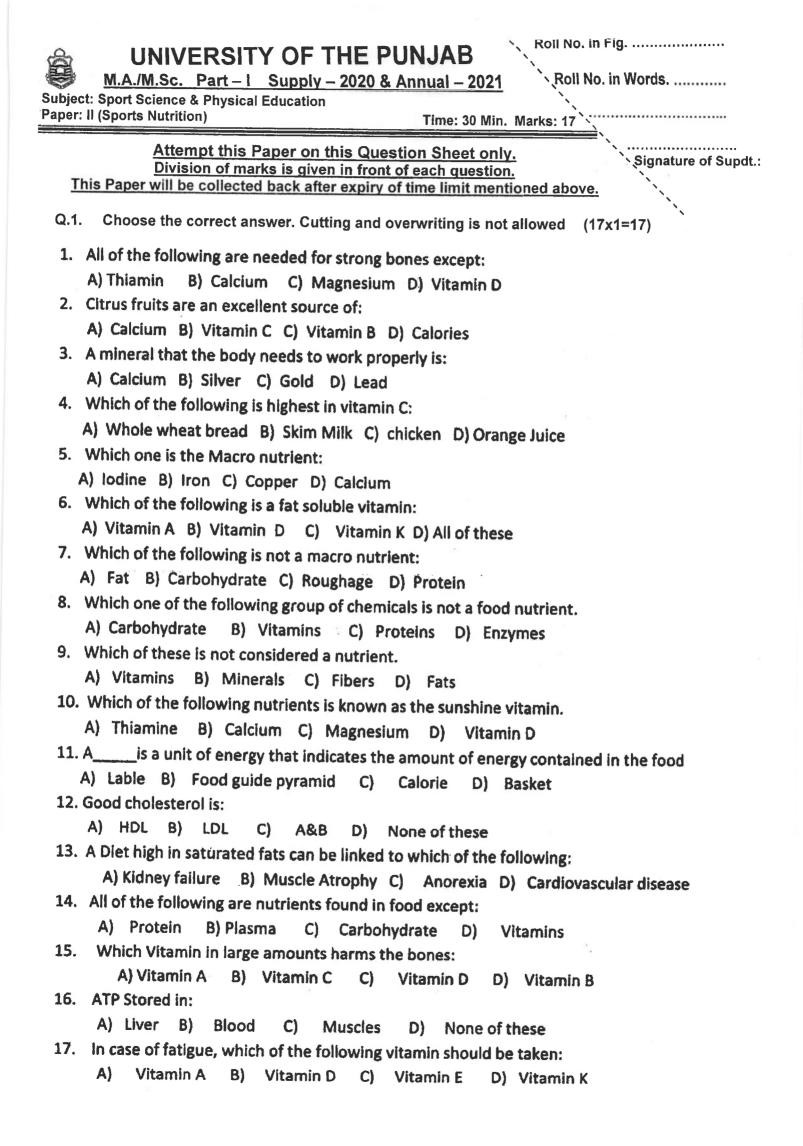

.

Roll No.

ATTEMPT THIS (SUBJECTIVE) ON THE SEPARATE ANSWER SHEET PROVIDED

Note: Attempt any FOUR questions. All questions carry equal marks.

2.	Describe Carbohydrate loading and explain classic method in detail.	6+6		
3.	Describe gastric emptying rate and explain the effects of water temperature on			
	Gastric emptying rate.	4+8		
4.	Define "Protein" and describe its sources, metabolism and functions in detail	2+10.		
5.	Write comprehensive note on Micro nutrient and Macro nutrients.	6+6		
6.	Describe the effects of malnutrition on human health.			
7.	Describe "Digestion" and explain human digestive system in detail.			
8.	Write Short notes on the following.	8		
	A) Hypo-tonic drinks B) Calories C) Metabolism D) Nutrient	3+3+3+3		

M.A./M.Sc. Part - I Supply - 2020 & Annual - 2021

Subject: Sport Science & Physical Education Paper: III (Sports Biomechanics) Time: 2

ATTEMPT THIS (SUBJECTIVE) ON THE SEPARATE ANSWER SHEET PROVIDED

Note: Attempt any FOUR questions. All questions carry equal marks.

Q.2.Short answers				6x2=12
I. Biomechanics	II. Kinematics	III. Linear	Motion	
IV. Acceleration	VI. Frontal Plane	VI. Flectic	m	
Q.3 Explain the role and soo	pe of sports biomech	anics in sports	J.	12
Q4. Define Motion and exp	lain the types of Moti	on with respe	ct to sports.	12
Q.5. Discuss the planes and	axis in Human body	with their mov	vements.	12
Q.6. Explain the 2 nd law of i	motion and relate with	h different spo	orts.	12
Q.7 Define angular moment	tum and how moment	of inertia effe	ect the angular more	mentum in
rotational activities in	sports.			12
0.8 Define lift force whic	h factors affect the lif	t force and h	low lift force provi	ide the benefit in

Javelin throw.

Atterr	npt this Paper on this Question Sheet only.	Signature of Supdt.:
Divisi	ion of marks is given in front of each question.	
This Paper will be	e collected back after expiry of time limit mentioned above.	
Q.1. Circle the	correct option	(17x1=17)
	lowing is associated with kinematics?	
a. force b. displaceme	ant	
b. displaceme c. mass	cint	
d. all of the a	bove	
2. Which of the foll	lowing could be performed by a bio mechanist?	
a, quantitativ	e analysis of human movement	
b. qualitative	analysis of human movement	
c. both A & I	-	
d. none of the	e above	
	esearch has contributed to which of the following?	
a. injury prev		
	sport performance	
c. equipment d. all of the a	above	
	kes place around which axis?	
a. anteroposi	terior	
b. mediolate		
c. longitudin	nal	*
d. Horizonta	1	11
5. Which of the fol	llowing terms best describes translational motion along a curved	line(
a. rectilinear		
b, curvilinea		
c. rotational d. General		
	llowing relationships is correct?	
a. $m = F/a$		
b. $F=m/a$		
c. $a = m/F$		
d. none of the		
	blowing is a correct unit of pressure?	9
a. Newtons		
b. kg/cm2		
c. N/cm2		
d. Slugs 8 Vector mechani	ics apply to which of the following?	
a. displacen		
b. velocity		
c. speed		
d. both A and		
e. all of the a		P.T.O.
	Page 1 of 2	

9. Linear distance travelled per unit of time describes what?

- a. displacement
- b. velocity
- c. acceleration
- d. Speed.
- 10.A runner completes 1 full lap around a 400 meter track. What is her displacement?
 - a. 400 meters
 - b. 400 meters X 2π
 - c. zero
 - d. need more information

11. The higher the jump, the "harder" the landing. This statement reflects which of the following laws?

- a. the law of inertia
- b. the law of momentum
- c. the law of torque
- d. the law of action/reaction

12. What is/are the direction(s) for vertical ground reaction force?

- a. up
- b. down
- c. sideways
- d. all of the above are possible directions
- 13. The perpendicular distance between the line of force and the axis defines what?
 - a. torque
 - b. fulcrum
 - c. moment arm
 - d. none of the above
- 14. The resistance arm (RA) will always be longer than the force arm (FA) in what class lever? a. 1st class
 - b. 2nd class
 - c. 3rd class
 - d. none of the above
- 15. Which of the following will benefit mobility?
 - a. increase mass
 - b. increase base of support
 - c. increase friction
 - d. raise centre of gravity
- 16. When knee flexion is increased, what happens to the moment of inertia of the leg about the hip?
 - a. increased
 - b. decreased
 - c. remains the same
 - d. need more information

17. Which of the following describes the drag created by a pressure differential between the lead and rear sides of a body moving through a fluid?

- a. form drag
- b. profile drag
- c. surface drag
- d. both A and B above
