Prof. Dr. Mujahid Kamran
Vice-Chancellor, University of the Punjab

Foreword

The brief fact book on the University of the Punjab (PU) will give the reader all basic facts and figures pertaining to PU in 2015. I would like to thank Rao Muhammad Sharif and Dr. Kamran Abid for their contribution to this fact book.

As the reader will notice, certain basic parameters, which indicate the performance of a university, have improved steadily and very significantly since January 2008 when the present administration assumed charge. The number of research publications in journals carrying an impact-factor has more than quadrupled from 162 in 2007 to 714 in 2015. Publications in HEC recognized journals are in addition to these. Further, for the 4th consecutive year in the history of the university, the total number of publications in journals and conferences has crossed 1000. This year the number of total research publications stood at 1348.

Research funding has been increased from Rs 4 million in 2007-2008 to Rs 110 million in 2015-16. A research endowment fund (started with 250 M in 2010), currently at Rs 600 million, also exists in addition to this funding. Funds for Faculty Development have been enhanced from Rs 45 million in 2007-2008 to Rs 75 million in 2015-16. This is in addition to HEC funded Faculty Development program. Under the two

Fact Book 2015

programs over 100 faculty members have been sent abroad for PhD studies and many of them have returned in the past three or four years, adding to the pool of PhDs in PU. An endowment of Rs 30 million for the welfare of employees has also been setup. The investment of PU has risen from Rs 1.85 billion in June 2008 to Rs 6.18 billion in December, 2015.

For the first time in PU history, the full-time faculty strength crossed the landmark number of 1000. The PhD to non-PhD teacher ratio has also increased by almost 22% for regular faculty members since 2008, jumping from 29% for regular faculty members at the end of 2007 to 51.36% in 2015. PhD production has suddenly risen from an average of 41 per annum during 1990-2007 to 144.37 per annum during the period 2008 to 2015. In 2012 the Punjab University produced 206 PhDs, becoming the first ever university in the history of Pakistan to produce more than 200 PhDs in one year. The percentage of MS/MPhil and PhD students at the university has increased from 1.1% in 2008 to 14.89% in 2015.

Students were appropriately funded for the needy & merit scholarships. In 2015, more than 33% regular full time students were given scholarships. We received Rs.137.818 (M) as fees from regular students and disbursed scholarships worth Rs.72.164 (M) amongst these students from the income of University of the Punjab. The HEC provided scholarships worth Rs. 60.914(M) whereas Government of the Punjab provided scholarships worth Rs. 26.863 (M).

At the end of the booklet we have a list of FAQ's and their answers. It is hoped that this fact book, will be of use to anyone seeking information about Punjab University at a glance.
