

CURRICULUM VITAE

Name: Nageen Hussain

Father's Name: Syed Millat Hussain

Phone Number: 042-5863252

Marital status: Married

Mobile Number: 0322-4736630

E-mail Address: nageen1704@hotmail.com
nageen@mmg.pu.edu.pk

Academic Record

Ph.D.:

Enrolled in Immunogenetics Ph.D program, University of the Punjab. I have completed my course work and qualified comprehensive exam. Further, I have passed NTS (GAT) and scored 64%. Synopsis has been approved by the board of higher studies. GRE Biology score is 53%

M.Sc.:

Microbiology and molecular genetics
University of the Punjab
Session: 2003-2005
CGPA: 3.81 (80.88%)

B.Sc.:

Medical laboratory technology
University of the Punjab
March 2002
1704/2300

F.Sc.:

Pakistan Air Force Intermediate College

Session: 1996-1998

773/1100

Grade A

Matric:

Naya aligarh public girls high school

Group science

665/850

Grade A

Current Designation

Lecturer in the Department of Microbiology and Molecular Genetics,
University of the Punjab, Lahore since 2005.

Other Experiences

Two years teaching experience in the School of Allied Health Sciences,
Children Hospital Lahore.

Internships

Three months internship in the emergency laboratory of Punjab Institute of
Cardiology.

Three months internship in the ABACUS Company as a transcriptionist.

One month internship in HLA typing in the Armed forces institute of
pathology

Conferences/Workshops

1. Report writing, research methods, epidemiology and biostatistics, 2-14 may, 2005.
2. 26th International congress of zoology, 4-6 april,2006.
3. 8th FIMSA advanced immunology course, 1-5 march, 2006.
4. Biochemical engineering and fermenter application, 19 may, 2006.
5. First international conference of microbiology and molecular genetics, genomics, proteomics and metabolomics, recent trends in biotechnology, 22-23 October, 2007.
6. Workshop on Protoemics, 24-25 October, 2007
7. Seminar on bacterial Endotoxin, 21 November, 2007
8. Seminar on electron microscope, November, 2007
9. Workshop on research bioethics, 26-27 November, 2007
10. Seminar on microbial resistant paints, 17th April, 2008.
11. Workshop on the role of Glycoproteins in health and disease, 27-29 may, 2008.
12. Workshop on HIV/AIDS counseling, 25 June, 2008.
13. Workshop on speech therapy in practice, 26 June, 2008.
14. International conference on “impact of global violence on mental health: a challenge for mental health professionals”, 27-28 June, 2008.
15. Symposium on Modern biotechnology: A Resource for Sustainable Development. 4 July, 2009.
16. Conference on Stem Cell Transplantation at Veterinary University, 28 December, 2009.
17. Seminar on Hepatitis C virus. 9 January, 2010.
18. Pre-conference workshop on Molecular Hematology, 9 Feb, 2010.
19. Seminar on the technical handling of Fermenters, 11 Feb, 2010.
20. Seminar on Hepatitis B virus. 6 March, 2010.
21. Seminar on Hepatitis A & E virus. 13 March, 2010.

22. Symposium on Current Agro Biotechnology and transgenic plants,
21 June, 2010.

Poster Presentations

1. ELISA based technique for the detection of antibodies of rubella virus in infants.
2. Association of Ribosomal anti-P antibodies with different Parameters of Lupus

NTS (GAT)

SCORE: 64%

Graduate Record Examination (BIOLOGY)

Formula Score: 50

Percentage: 53%

Course Certificate

Medical transcription Course (Fauji Soft)

Basic Computer course (IBMCC)

Advance immunology course (India)

Fields Of Interest

Immunology

Genetics

Microbiology

B.Sc. (Honors) THESIS SUPERVISED

1. Kanwal Bashir (2002-2008): Seroprevalence of Hepatitis E virus IgG and IgM antibodies in Adults- A hospital based study
2. Musadiq Ali (2003-2009): Mutational analysis of DNase I gene in rheumatoid arthritis patients.
3. Marrukh Sanai (2004-2010): Levels of inflammatory markers (complement C3, complement C4 and C-reactive protein) in smokers.

M.Sc. THESIS SUPERVISED

1. Musarat (2004-2010): Seroprevalence of Hepatitis E virus IgG and IgM antibodies in healthy blood donors.

PROJECTS (University of the Punjab):

1. HLA Association SLE patients (2008)
2. nDNA IFA in SLE patients (2009)
3. Levels of IL-15 in SLE patients (2010)
