Vision and Mission:

I am looking myself to learn, propose and promote the research under the domain of applied statistics.

Academic Qualification:

I completed my doctorate degree in Statistics in 2013 under the supervision of Prof. Dr. Shahid Kamal, a renowned statistician in Pakistan. My research topic was "Generalization of Multilevel Models and their Applications" which primarily focused on generalizing the multilevel models for k levels and their applications on educational data.

Current Position:

Currently, I am serving as Professor at the College of Statistical and Actuarial Sciences University of the Punjab Lahore, Pakistan. The major responsibilities under this position include:

Teaching: Undergraduate and Postgraduate Courses.
 Curriculum Development: Undergraduate & Postgraduate Courses.
 Research Supervision: Undergraduate and Postgraduate Scholars.

• Administrative: Coordinator & Controller of Examination, undergraduate degree

programs (Business Statistics, Biostatistics, Actuarial Science).

• Member: Faculty Board of Science; College Admission Committee; College

Sports Committee.

Community Services:

Editor: Reviewer: Pakistan Journal of Statistics and Operations Research, Journal of Statistics. Journal of Applied Statistics, Journal of Mathematics, Kuwait Journal of Sciences, International Journal of Leadership and Behavior etc.

Member
/ Focal Person
/ Chairman:

- Member, Board of Studies for the subject of Statistics and Data Science at different universities in Pakistan.
- Member, Punjab Technical Committee for Census 2017.
- Member, Career Counseling and Placement, University of the Punjab Lahore, Pakistan (2021).
- Focal Person, Quality Steering Committee, University of the Punjab (2018).
- Chairman, College Purchase Committee, University of the Punjab (2018).
- Member, Faculty of Science Purchase Committee, University of the Punjab (2015-2018).
- Chairman, Associate Degree Program (Statistics), University of the Punjab Lahore, Pakistan.
- Chairman, College Quality Assurance Committee.
- Consultant, Survey Design and Data Analyst.

Areas of Interest / Multilevel Models, Meta-Analysis, Applied Statistics, Distribution Theory. **Research:**
