- **Academic Achievements**

- Duly approved by the Board of Studies, a new course, "Teaching of French as a foreign language" was introduced in the Masters' syllabus for 3rd and 4th semesters with an objective to prepare the students in the field of Applied Linguistics. The course content comprises of the latest international teaching methods, techniques, tools, approaches, material and class practices. This module focuses to upgrade the capacity of students to European standards of teaching French as a foreign language.
- This module also enhances knowledge about the scope of French as a foreign language in the world along with the teaching and learning requirements in the francophone countries. The combination of theory and practical develops professionalism in students and prepare them in advance to start their professional careers with better and improved skills.
- Regarding the updating of the curriculum of Masters in French programme, the amendments suggested by the Department were approved by the Board of studies and are being complied with in the successive sessions. In order to improve the communicational skills in French language, special emphasis has been laid on the written and spoken communicational skills of students through a course named as Communication Skills. In this course the students were assigned creative activities related to everyday life situations with an objective to develop confidence to use French language as a tool to communicate with others in an effective manner.
- Being the biggest of the three institutions offering the Post graduate studies in French language & literature in Pakistan, the department provides quality teaching of French as a foreign language with latest techniques and methodologies. Audio-Visual aids and multimedia have been used as teaching tools to build the capacity of students and to improve the language skills. In addition, latest French books and websites have also been consulted to develop the competency of students in French language. The faculty members updated and shared their teaching methods by participating in different national workshops organized by the French Embassy, Islamabad.
- Special emphasis has been paid in motivating the students to enhance their all round abilities. They have been encouraged to participate in co-curricular activities and workshops, organized by the Embassy of France, French Centre Lahore, Aitchison College and The International School of Choueifat Lahore. Programmes such as research presentations, and literary discussions were also organized at the department. The students also participated in inter departmental competitions in the varsity. Students of 4th Semester of Master program worked diligently on research articles and thesis; power point presentation of their research work preceded the public defense of their thesis. Utmost efforts were made to improve discipline, sharing of knowledge and values, capacity building and character building among students.

**• Undergraduate and Postgraduate Programmes**

- During October 01, 2011 to September 30, 2012, the College enrolled 49 and 42 students in B.Sc.(Engg.) Metallurgy and Materials Engineering regular and Self-Supporting programmes, respectively, and 57 students in B.Sc. (Engg.) Electrical Engineering Morning programme.

**• MS and PhD Programmes**

- During October 01, 2011 to September 30, 2012, the College enrolled 18 students in M.Sc .(Engg.) Metallurgy and Materials Engineering Self-Supporting programme. A two years M. Phil program in polymer technology (self-supporting programme) has been started in Feb. 2011 by Department of Polymer Engineering to cater the needs of the growing Polymer and allied industrial sector. At present, there are 20 and 29 students enrolled in semester one and semester two of MPhil Polymer technology, respectively.

**• Academic Achievements**

- College of Engineering & Emerging Technologies was established in 2004 to address the increasing demand for engineering graduates in the sector of Materials and Electronics/Telecommunication Engineering. Therefore Metallurgy and Materials Science division of Institute of Chemical Engineering and Technology was re-established as Department of Metallurgy and Materials Engineering in the College. A new Department of Electrical Engineering was also established in the College. The graduates of Metallurgy and Materials Science/Engineering, as old as 1970, have been working in most of the government and non-government organizations in Pakistan and abroad. College has 19 full time and 10 contract based faculty members. College offers B.Sc. (Engg.) Metallurgy and Materials Engineering, B.Sc.(Engg.) Electrical Engineering and M.Sc. (Engg.) Metallurgy and Materials Engineering programs. College has a computer laboratory having more than 20 computers. The library has a budget of Rs. 60,0000/- per annum for books and at this moment contains more than 4000 books related to the engineering and allied disciplines. Construction of new classrooms, laboratories and offices for Electrical Engineering department has been accomplished. The repair and furnishing of existing Metallurgy and Materials Engineering laboratories is in process. The Metallurgy and Materials Engineering laboratories have also been planned to be equipped with state of the art equipment in future. Recently, Department of Polymer Engineering and Technology having state of the art equipment and laboratories have been formally inaugurated with the funding of HEC to meet the requirements of growing industry of Polymers in Pakistan. To date, the Department of Polymer Engineering has facilitated about 50 M.Sc./M.Phil students of

different Universities in their research work. Recently three laboratories have been constructed to meet the requirements of M. Phil in Polymer technology course, which is going to be launched in next academic year.

- **Honours and Awards**

- Mr. Kashif Mairaj Deen, Lecturer, Department of Metallurgy and Materials Engineering was awarded a Certificate and granted a cash prize of AUS \$ 5000 for being most competitive young researcher in the field of Corrosion Science from the Non-OECD countries in 18th International Corrosion Congress, (20-24 Nov, 2011) organized by Australasian Corrosion Association, Perth, Australia.
- Mr. Kashif Mairaj Deen was awarded Shield of the Year 2010 from Society of Corrosion Engineers Pakistan (SOCEP) on Corrosion & Corrosion Control Symposium 2011, October 27, 2011, University of the Punjab, Lahore, Pakistan.

- **Student Activities**

- The students of Electrical Engineering Department have participated in various competitions during year 2011-2012 and won prizes and positions. These are listed below in the Table.

**• Undergraduate and Postgraduate Programmes**

- The Institute of Chemical Engineering and Technology is a pioneer institute in the field of chemical engineering and provides broad-based Chemical Engineering programs resulting in B.Sc. Engineering, M.S. Engineering, and PhD degrees. The undergraduate and post graduate programs at the institute prepares students for a profession in chemical engineering-an exciting and challenging profession that combines the principles of the physical and chemical sciences with the discipline of engineering to solve technological problems using modern tools and provide effective service to society. Institute also contributes towards continual professional development of its graduates for which Continual Professional Development Cell (CPDC) is established. The role of CPDC is to develop competence and ability of engineers for the application of theoretical knowledge to practical situations and to evolve innovative solutions to real life problems while adhering to professional ethics and acquisition of a broader understating of their obligations to society. The graduate engineers participate in the continual development of new processes and new products that form the basis of much of the manufacturing segment of the global economy.

**• MS and PhD Programmes**

- Post graduate programs of M.Sc. and PhD Chemical Engineering provides opportunity for graduates for world-class research in renewable energy, co-combustion of coal and biomass, biodiesel, catalysis, polymers, rheology, material sciences, fluid dynamics, membrane technology, reaction engineering and filtration. Our laboratory facilities support innovative experimental work and are in line with industrial applications.
- The following postgraduate courses are being offered at the Institute.
  - M.Sc. (Engg.) Chemical Engineering
  - PhD Chemical Engineering

**• Academic Achievements**

- The institute has a glorious history of service to the chemical and process industry in the country and abroad. The alumni of the Institute have contributed significantly to the industrial growth and economic development of the country by helping in the design, construction, commissioning, operation and management of many important chemical plants, petroleum refineries and a number of allied industrial units. They are holding highly responsible positions in Education, Pakistan Atomic Energy Commission, Pakistan Council of Scientific and Industrial Research, Chemical and Process Industries both in the private and public sector, Defense Organizations, Universities and Governmental Departments.

- The institute is home to more than thirty faculty members and approximately five hundred students. Institutes library is adorned with more than 35000 titles on chemical engineering and general sciences. Institute has also subscribed various international and national research journals. Institute has latest and state of the art computer laboratory having more than 40 computers. Additional twenty computers are installed in library to provide internet facility to the students.

**Postgraduate Laboratory**

- The institute regularly organizes trainings, workshops, symposia and conferences. Recently an International Conference on Engineering Sciences ICES-2012 was organized in which participants from various countries like UK, Denmark, Iran and other parts of the world presented their research. Industry and academics highly appreciated this activity.
- A Continual Professional Development Cell (CPDC) is established at the institute level which provides training and development courses for fresh as well as employed engineers. Recently following courses were offered at the forum of CPDC:
  - Aspen / Hisys for Chemical Engineers
  - Sustainable Environmental Production
  - Communication Skills Development
- The institute has a tradition to invite the leading organizations at the premises of the institute for recruitment of young engineers. More than 10 process units conducted their recruitment process at the institute in the current fiscal year.
- The leadership at the Institute of Chemical Engineering and Technology is striving to provide excellent learning, research and co-curricular facilities. The faculty and students of the institute have access to many educational resources, as well as opportunities for both basic and applied research. The class rooms, laboratories, conference room, offices and building are upgraded to provide conducive environment to students, faculty and staff.

- **Foreign Academic Linkages**

- Although a few MOUs have been signed with different universities at university level, An MOU has been signed with University Of Technology Petronas and Institute of Chemical Engineering and Technology.

- **Institutional Linkages**

- The institute has a strong linkage with the industry, public and private sector institutions including SNGPL, PCSIR Laboratories, Atomic Energy Commission, PSQCA, National University of Sciences and Technology (NUST) Islamabad, NFC IET, NFC IFR, University of Engineering & Technology (UET) Lahore to share existing facilities.
- Recently an MOU is being prepared to be signed between Institute of Chemical Engineering and Technology and Brighto Paints.

- **Undergraduate and Postgraduate Programmes**

- Institute offers 4 years B.Sc. Industrial Engineering (I.E) and 2 years M.Sc. Quality & Performance Management (Q&PM) program.

- **MS and PhD Programmes**

- Institute offers 2 years M.S Total Quality Management (TQM), 2 years M.S Industrial Engineering & Management (IEM) and 3 years Ph. D Total Quality Management (TQM) program.

- **Academic Achievements**

- One student of this Institute has successfully finished Ph.D. in TQM in this report period.

- **Foreign Academic Linkages**

- Dr. Muhammad Usman Awan Assistant Professor of Institute has visited University of Cambridge UK and developed academic linkage for a joint research project with Dr Jag Singh Srail, Institute for Manufacturing University of Cambridge UK.

- **Honours and Awards**

- Dr. Muhammad Usman Awan faculty member of this Institute has been awarded by prestigious HEC best research paper of the year award.

- **Institutional Linkages**

- In domain of British Council scheme for Lectures by Video conferencing, this Institute has been linked with University of Salford UK.

- **Undergraduate and Postgraduate Programmes**
  - Currently Department is running one Undergraduate (BS- Hons) and two Postgraduate (M.Sc.) Programmes. Admission to these programmes are held annually i.e. in September/October. There are approximately 40 seats for BS Program, 50 seats in each Master Program. These programs are being run under semester system.
- **MS and PhD Programmes**
  - Department is also offering M.Phil and Ph.D programmes. There are 20 seats in M.Phil and 10 seats in the Ph.D Program which are full time programs. This year 5 Ph.D students have been admitted in the Department.
- **Academic Achievements**
  - The academic session started off with a three day workshop on “Structural Equation Modeling (SEM)” by Dr. Jamil A. Malik, Assistant Professor, National Institute of Applied Psychology, Quaid-e-Azam University, Islamabad. The workshop was organized for M.Phil and Ph.D. scholars who were at the stage of synopsis writing and benefitted a lot from it.
  - A talk on “Women Harassment” was organized to highlight the issues of harassment in our society and how women can get awareness about it. Eminent gender expert, Dr. Fauzia Saeed, Member Implementation Watch Committee, Government of Punjab and Chair and Founder AASHA was the speaker who while highlighting the issue, also stressed on the role of men who can play a vital role is curtailing this social evil. A large number of faculty members and students attend the event.
  - Annual Mehfil-e-milaid was held at the department to commemorate the auspicious event of Rabi-ul Awwal. The event started with Quran khani and was followed by naats in which many students participated. In the end, tabruk was distributed among all in the attendance.
  - Annual Sports day was organized in which a large number of students participated in different sports like cricket, badminton, football, table tennis and various races. Director External Linkages, Ms. Maria Isabel inaugurated the event and appreciated the efforts of the students as well faculty for arranging such an event whereas Dr. Mansoor Sarwar, Director of IBIT, Director IT and Director Sports (Men), University of the Punjab and Ms. Samsa Hashmi, Director Sports (Women) were the chief guests for the concluding session and distributed the medals and trophies among the winners.
  - A seminar was organized for creating awareness regarding drug addiction and its effects on the individuals. While addressing the seminar, Former IG Punjab Police and Project Director Drug Free City, Mr. Altaf Qamar shared that over 9 million were addicted to different kinds of drugs among whom 2-2.5 million were between the ages of 15-25 years, which is alarming. Addressing the seminar, Chairperson Department of applied Psychology, Director Center for clinical

Psychology, Prof. Dr. Rukhsana Kausar highlighted the psychological impact of drug addiction and how it causes significant distress among the addicts, family, community and society at large.

- To enhance and refresh the knowledge of the field and to update the pedagogy, Department of Applied Psychology also held refresher courses for the faculty of affiliated colleges. The courses addressed Research Methods, thesis Writing, Positive Psychology, Environmental Psychology and Behavioral Neuroscience and were conducted by experienced faculty members Prof. Dr. Rukhsana Kausar, Chairperson Department of Applied Psychology, Dr. Nauman Amjad, Assistant Professor, Ms. Afsheen Masood, Lecturer, Ms. Afifa Anjum, Lecturer and Mr. Faiz Younas, Lecturer from the department. Faculty members from the departments of Applied Psychology at Postgraduate Colleges from Jhang, Gujranwala, MAO College, Lahore, Govt. College for Women, Wahdat Road, Lahore and Queen Marry College, Lahore participated in this course. Department of Applied Psychology, University of the Punjab, Lahore collaborated with Drug Free Pakistan Foundation (DFPF) to organize fourth Pakistan Youth Congress in Lahore. The purpose of this congress is to provide life skills to the youth of Pakistan in order to empower them for a better future of the nation. Several students of the department participated in this event as well few students were youth mobilizers and were involved in the management of the whole event. Another lecture was given on social therapy by Ali Adnan, MS in Social therapy from Germany.

- **Foreign Academic Linkages**

- Department has academic linkage with St. Andrew's University, UK

- **Honours and Awards**

The department has linkages with different external bodies in order to share resources and provide practical training and placements to its graduating students.

- MEDECINS DU MONDE (French medical Non-government Organization)
- Child Protection and Welfare Bureau, Lahore.

- **MS and PhD Programmes**

- The Department is also running MS and M.Phil (two years) programmes along with MS/M.Phil leading to Ph.D. and Ph.D. program. MS and M.Phil programs are running under semester system.

- **Academic Achievements**

The following sessions were completed during the said period:

- BS Session (2008-12) 11 students received their Bachelors degree
- M.Sc. Session (2010-12) 34 students received their Masters degree
- MS Session (2010-12) 05 students received their MS degree
- M.Phil Session (2010-12) 05 students received their MS degree
- Ph.D. (Degree given to 04 scholars) Four scholars were awarded Ph.D. degree

- Imparting quality education and development of culture for advanced research are the primary foci of the Institute of Agricultural Sciences (IAGS). The institute is engaged day & night to achieve the targets. Currently, four regular batches of B.Sc. (Hons.), two of M.Sc. (Hons.), three of M.Sc. (Hons.) leading to Ph.D. and six of Ph.D. are in progress. During the report period 132 students to B.Sc. (Hons.), 16 to M.Sc. (Hons.) and 11 to Ph.D. program were admitted. Since the establishment of the institute, seven batches of B.Sc. (Hons.) 4-year program, seven batches of M.Sc. (Hons.) and two Ph.D. programs have passed out. In the area of teaching, attention is being focused on concept building. This goal is achieved by curriculum development based on national needs and as per international standards and specifications like judicious distribution of credit hours, compaction of curriculum and application of subject in the applied discipline. Besides conceptual teaching, tutorials, quizzes and presentations are regular features of class activities. Research activities are of academic, applied and adaptive nature. Research projects assigned to Ph.D. students are oriented to cover these aspects. Faculty members have won several research projects with funding from organizations other than the parent university and many more are in the pipeline. The Institute is also playing a vital role in development of scientific culture to enhance this capacity. Institute publishes a biannual scientific journal Mycopath and quarterly newsletter 'Myconews' as well as 'Research Bulletin'. Besides that, regular seminars, invited lectures from nationally and internationally reputed scientists are being organized. To inculcate healthy activity of mind and spirit students are involved in various academic & extracurricular committees, and are strongly being encouraged to join scientific societies. Student Magazine

'Mycomag' is also being published annually. During this period 179 books, 12 research journals, 8 newsletters, 41 reports and 14 theses were added in the library of the institute. The First Fungal Culture Bank of Pakistan has isolated, purified and conserved 98 fungal and 70 bacterial species during the report period. Herbal Heritage Centre after standardizing techniques of Aloe vera gel and essential oils production at lab scale has acquired locally fabricated pilot plants for commercial production of both.

- **MS and PhD Programmes**

The Institute offers two years MS Biochemistry/ Biotechnology degree programs that semester system bases and 3-5 years research leading to Ph.D. degree. During the academic session 2011-12, 50 students were admitted in MS Biochemistry/ MS Biotechnology degree programs

- **Academic Achievements**

- The Institute of Biochemistry and Biotechnology (IBB), founded in 1996 at the University of the Punjab, started its academic program in 1997 in order to provide excellent teaching and research facilities in the fields of biochemistry, molecular biology and biotechnology. During the last decade, the Institute is working to provide up to date facilities and conducive atmosphere for carry out outstanding research in various fields. As a result is grown and has a prestigious position amongst the scientific and research organizations of the country.
- The regular faculty of the Institute is comprised of one professor, six assistant professors, and seven lecturers.
- In order to uplift the existing standards of teaching and research, the Institute is also establishing research and academic links with foreign universities and local industry sectors in the upcoming years.

- Presently, 82 research scholars are working in the School for their Ph.D. degree. All of the first batch admitted in 2003-2005 obtained their Ph.D. degree. The fourth batch students are fairly advanced in their research projects and are in different stages of compiling their data, write up of theses and giving final touches to their research work. The fifth batch scholars are fairly advanced in their research projects and are making satisfactory progress. The sixth batch have completed their prescribed course work and are in their initial stages of planning experiments and running pilot experiments. The 7th batch of the students have just finished their comprehensive examination and International GRE. The 8th batch is in the initial stages of their course work.
- The Ph.D. students of the School have undertaken their mandatory Semester Examinations, Comprehensive Examinations and International GRE, which they have passed with excellent scores. SBS is the only institute in the the university whose students regularly undertake international GRE in their respective subjects.

### **DEPARTMENT OF MOSQUES**

Telephone (s): 0092 42 99231135

E-mail Address (s): [incharge.mosque@pu.edu.pk](mailto:incharge.mosque@pu.edu.pk)

Punjab University’s Department of Mosques consists of six mosques, an Institute of Hifz-e-Quran adjacent to Jamia Masjid, an Institute of Nazira attached to E-Block mosques and a Library. Out of six mosques, four are situated in the Quaid-e-Azam (New) Campus while two are in Allama Iqbal (Old) Campus. All the administrative and other issues of all mosques, institutes of Hifz-e-Quran, Nazira and Library are controlled through the main office attached to Jamia Masjid.

In the Institute of Hifz-e-Quran, four teachers have been appointed who are teaching the admitted students. Regular classes are being observed from Monday to Saturday in specific hours. But to facilitate the admitted students, additional classes are also held after Maghrib prayer which is helping to enhance the educational capability of students. Moreover, students belonging to various departments of the university also attend these classes to learn and improve their reading ability of Holy Quran.

Following 12 students of the Institute completed Hifz-e-Quran during Oct. 2011-Sep. 2012:

- Muhammad Samar Abbas S/o Abbas Ali Anjum.
- Muhammad Maaz S/o Muhammad Tahir Riaz.
- Muhammad Ehsan S/o Muhammad Ashraf.
- Muhammad Abdullah S/o Abdul Quddus.
- Muhammad Hamza S/o Shabbir Ahmad.
- Rana Kashif Imtiaz S/o Imtiaz Hussain.
- Mubashar Islam S/o Mushtaq Hussain.
- Muhammad Rizwan S/o Shahadat Ali.
- Mehboob Ali S/o Muhammad Ashraf.

- Muhammad Faizan S/o Zahid Khan.
- Uzair Ahmad S/o Shafqat Ali Malik.
- Usama S/o Aslam Pervez.

Many of these students got holy opportunity of leading Taraweeh prayer and listening Quran in the month of Ramazan.

In the Institute of Nazira, separate classes are being arranged for boys and girls. For this purpose, services of female teachers for girls and male teachers for boys have been hired. Alhamdulillah, as many as 195 male and female students have been studying and 21 students completed the Quran.

The department is also arranging weekly Dars-e-Quran, which is conducted on Tuesday after Maghrib to Isha prayer. A large number of university students, teachers, employees and other people participate with religious zeal.

Maintaining previous years' tradition, the department also arranged collective aitkaaf in the Jamia Masjid in the holy month of Ramzan as well. The department arranged lectures of university teachers and renowned religious scholars on various Islamic topics for the educational and practical training of aitkaaf observers besides conducting Dars-e-Quran after Zohar prayer.

- **Development Activities:**

- The department changed complete speaker system with the new one in the Jamia Masjid in the said period. The department also installed Uninterrupted Power Supply (UPS) in the Jamia Masjid keeping in view load-shedding during Friday prayer and other religious congregation. Four new water tanks were also placed in the Jamia Masjid due to gradual increase in number of prayers. Moreover, new mats were kept in the ablution place.
- The department also installed new speaker system along with providing UPS facility in the E-Block mosque.
- Keeping in view the increasing number of prayers and to facilitate them, the department installed two new air-conditioners (ACs), having capacity of four ton each, in the mosque of Islamic Centre. Similarly, one new air-conditioner (AC) of four ton capacity, and three split units were added to the existing two window air-conditioners (ACs) which were insufficient for the increasing number of prayers, in the Admin Block mosque.

- **Library:**

The Library of Mosques Department provided quality services to its users efficiently throughout the year. To provide them quality services, as many as 350 Islamic books, in Urdu, Arabic & English languages, covering areas of Quran, Hadith, Fiqh, Seerat-un-Nabi (PBUH), etc. were purchased from October 2011 to September 2012, besides continuing the subscription of Islamic research journal for the library. Thus the library collection during the said period crossed over 11250. The users were helped and guided about the use of catalogue for searching their required reading material from the library collection. The students were also provided books on demands in timely writing their

assignments. They were also provided facility of photocopying their required pages of the book for the purpose. The users were provided congenial reading environment which helped them frequently visit the library on daily basis.

- M.Phil. Microelectronic Engineering & Semiconductor Physics
- MS. Nanotechnology
- Ph.D

- **Academic Achievements**

The Centre of Excellence in Solid State Physics was established in 1974. The major aim of establishing the Centre in this field was to provide the country with technically trained manpower and to establish research facilities in the field of solid state physics. The Centre offers M.Phil. degree, Ph.D. degree and collaborative research work. The analytical facilities established in the Centre were successfully utilized to help various projects of National Importance. Students of various universities of Pakistan are offered these analytical facilities, and hundreds of samples of many different students have been analyzed, through ASIP and HEC, to date. Centre of Excellence in Solid State now boasts to have established facilities for theoretical and experimental research in the fields of materials preparation and characterization to device fabrication and characterization.

- Number of faculty members:18
- Number of books & Journal: 4157
- Number of M.Phil. students enrolled: 91
- Number of Ph.D. students enrolled: 9
- Number of students completing M.Phil. degree: 27
- Additions or improvements in teaching & research laboratories: some analytical equipment have been added

- **Undergraduate and Postgraduate Programmes**

- Center for Integrated mountain research is currently running M.Sc. in mountain conservation and water shed management. M.Sc. Part 1 and Part 2 each possess 18 students thus a sum of 36 students are enrolled in the program.

- **MS and PhD Programmes**

- As a remarkable achievement, the centre has recently started PhD program in Geo conservation and sustainable development. An admission test session was held in CIMR, in which 08 candidates appeared out of which 05 candidates qualified the admission criteria of University of the Punjab. The research and classes are going to be started on 15th of February 2013.

- **Academic Achievements**

Academic achievements and awards of CIMR scholars are as follows:

Name of Students	Class	Scholar ship	Other achievement
Ahsan Naseer Khan	PhD	Indigenous 5000 PhD Scholar ship	-
Azra Kousar	MSc Part II	PEEF Scholar	Shahbaz Sharif Scheme Lab Top Holder
Hina Pervaiz	MSc Part II	PEEF Scholar	Shahbaz Sharif Scheme Lab Top Holder

- First four semester of BS (4 Years) Zoology
- Common courses for BS (4 Years) Applied Psychology, Clinical Psychology and Physics

- **Academic Achievements**

- Center for Undergraduate Studies is successfully running BS (4 Years) program for Chemistry, Botany, Zoology, Mathematics, and Statistics. Students are admitted in their main departments and then transferred to the Center for first two years, where they learn compulsory subjects along with electives. In addition, students of biochemistry & biotechnology, applied and clinical psychology and physics come to the Center to study common courses like English, Pakistan Studies, Islamic Studies and Computer. Center is also the focal point for BS (4 Years) in affiliated colleges and is providing curriculum, scheme of studies and guidelines to the affiliated colleges. Faculty is also making significant research output each year. With curricular activities, extra-curricular activities are also arranged in the Center. One-day tour and annual sports gala are among these. Annual dinner was also arranged where the successful players were awarded trophies and certificates. Zoology and chemistry laboratory have been developed this year, and many books have been purchased for library. At present there are nearly 2700 books in the library of different disciplines from which students benefit whenever they desire. In addition many intellectual and academic journals are also regularly delivered to the library for the students.

Center also has the credit of being second most important venue for entry tests after examination halls. Video conference facility and Al Raazi Hall are the most important and fully engaged assets of the Center.
