 - PGD (Evening) Program
- **MS and PhD Programmes**
 - Currently, IBA is not offering M.Phil or Ph.D Program. However, IBA intends to commence both M.Phil and Ph.D in Business Administration from spring session 2014.
- **Academic Achievements**
 - Realizing the importance of business education, Department of Business Administration was established in 1972 in the University of the Punjab. Later on, the department was upgraded to the Institute of Business Administration (IBA) in 1989. This was a great mile-stone in the history of the University, as IBA was the second institute in Pakistan, where teaching of business

administration was being offered. The Institute was shifted to its existing building in 1994. One year Post Graduate Diploma in Business Administration was started in 1992. To impart management education to in-service executives, MBA evening was started in 1995. In 2005, BBA (Hons) was also started for high-caliber under-graduate students who are both academically able and exhibit strong managerial potential. BBA (Hons) is offered on regular (morning) and self-support (afternoon) basis. In 2009, MBA (One and Half years) was also started for IBA-PU BBA (Hons) graduates and the program is offered on regular basis. To-date, IBA has produced 1 M. Phil, 191 MBA (1.5) Years, 4415 MBAs, 457 BBAs, 1066 PGDs and 9 ABMs and they are making valuable services at both national and international level. The detail is given as under:-

• Undergraduate and Postgraduate Programmes

- The Institute is running two programs BBIT (Hons.), and MBIT (via BBIT). IBIT has 1035 students enrolled out of which 929 are in BBIT-Hon., and 106 in MBIT via BBIT programs.
 - BBIT (Hon.) degree consists of 130 credit hours. It is 4 years full time study program
 - MBIT (via BBIT) degree consists of 36 credit hours. It is 1 and a half year full time study program.

- Candidates to be eligible for the MBIT (via BBIT) program must have BBIT (Hons.) or equivalent degree from a recognized university. BBIT and MBIT area of specialization (Marketing, Finance, Human Resources and Information Technology) consists of a specified set of courses comprising of 24 and 12 credit hours respectively taken within a single field of specialization. Ninth Batch of BBIT (Hon.) graduated in July 2012. Eleventh Batch of MBIT via BBIT (Hon.) graduated in May 2013.

Our running M.Phil programmes have following activities during 2012-2013

- Lectures
- Quizes
- Labs
- Presentations
- Research Thesis

- Research Motivation
- Knowledge in state of art of modern equipments
- PhD programme in department is in approval process. Programme has been approved from departmental board of studies and now case is submitted for approval from boards of faculty
- Course work for B.Sc Polymer Engineering Programme is under preparation
- **Academic Achievements**
 - 9 research papers of Faculty members are published in 2013 and 5 were published in 2012.
 - Approximately 10 projects are approved for research and development of department.
 - About 30 research thesis of students of first batch are near to completion.
 - Strong efforts are made in adopting and developing new technology.
 - Awareness with advanced characterization techniques and use of high class research instruments.
 - Enhanced the capabilities of students for polymer/ material synthesis and characterization.
 - Training of students to work with others in multidisciplinary teams.
- **Honours and Awards**
 - Nominated for Research Incentive Award Punjab University Lahore for the year 2013 for research publication
- **Institutional Linkages**

• **Undergraduate and Postgraduate Programmes**

- The Institute of Chemical Engineering and Technology is a pioneer institute in the field of chemical engineering and provides broad-based Chemical Engineering programs resulting in B.Sc. Engineering, M.S. Engineering, and PhD degrees. The undergraduate and post graduate programs at the institute prepares students for a profession in chemical engineering-an exciting and challenging profession that combines the principles of the physical and chemical sciences with the discipline of engineering to solve technological problems using modern tools and provide effective service to society. Institute also contributes towards continual professional development of its graduates for which Continual Professional Development Cell (CPDC) is established. The role of CPDC is to develop competence and ability of engineers for the application of theoretical knowledge to practical situations and to evolve innovative solutions to real life problems while adhering to professional ethics and acquisition of a broader understating of their obligations to society. The graduate engineers participate in the continual development of new processes and new products that form the basis of much of the manufacturing segment of the global economy. The following undergraduate programs are being offered:

- B.Sc(Engg) Chemical Engineering.
- B.Sc(Engg) Chemical Engineering with specialization in petroleum & Gas Technology.

• **MS and PhD Programmes**

- Post graduate programs of M.Sc. and PhD Chemical Engineering provides opportunity for graduates for world-class research in renewable energy, co-combustion of coal and biomass, biodiesel, catalysis, polymers, rheology, material sciences, fluid dynamics, membrane technology, reaction engineering and filtration. Our laboratory facilities support innovative experimental work and are in line with industrial applications.
- The following postgraduate courses are being offered at the Institute.
 - M.Sc. (Engg.) Chemical Engineering
 - PhD Chemical Engineering

• **Academic Achievements**

- The institute has a glorious history of service to the chemical and process industry in the country and abroad. The alumni of the Institute have contributed significantly to the industrial growth and economic development of the country by helping in the design, construction,

commissioning, operation and management of many important chemical plants, petroleum refineries and a number of allied industrial units. They are holding highly responsible positions in Education, Pakistan Atomic Energy Commission, Pakistan Council of Scientific and Industrial Research, Chemical and Process Industries both in the private and public sector, Defense Organizations, Universities and Governmental Departments.

- The institute is home to more than thirty faculty members and approximately five hundred students. Institutes library is adorned with more than 35000 titles on chemical engineering and general sciences. Institute has also subscribed various international and national research journals. Institute has latest and state of the art computer laboratory having more than 40 computers. Additional twenty computers are installed in library to provide internet facility to the students.

Postgraduate Laboratory

- The institute regularly organizes trainings, workshops, symposia and conferences. Recently an International Conference on Engineering Sciences ICES-2012 was organized in which participants from various countries like UK, Denmark, Iran and other parts of the world presented their research. Industry and academics highly appreciated this activity.
- A Continual Professional Development Cell (CPDC) is established at the institute level which provides training and development courses for fresh as well as employed engineers. Recently following courses were offered at the forum of CPDC:
 - Aspen / Hisys for Chemical Engineers
 - Sustainable Environmental Production
 - Communication Skills Development
- The institute has a tradition to invite the leading organizations at the premises of the institute for recruitment of young engineers. More than 10 process units conducted their recruitment process at the institute in the current fiscal year.

- The leadership at the Institute of Chemical Engineering and Technology is striving to provide excellent learning, research and co-curricular facilities. The faculty and students of the institute have access to many educational resources, as well as opportunities for both basic and applied research. The class rooms, laboratories, conference room, offices and building are upgraded to provide conducive environment to students, faculty and staff.
- **Foreign Academic Linkages**
 - Although a few MOUs have been signed with different universities at university level, An MOU has been signed with University Of Technology Petronas and Institute of Chemical Engineering and Technology.
- **Institutional Linkages**
 - The institute has a strong linkage with the industry, public and private sector institutions including SNGPL, PCSIR Laboratories, Atomic Energy Commission, PSQCA, National University of Sciences and Technology (NUST) Islamabad, NFC IET, NFC IFR, University of Engineering & Technology (UET) Lahore to share existing facilities.
 - Recently an MOU is being prepared to be signed between Institute of Chemical Engineering and Technology and Brighto Paints.

- Imparting quality education and development of culture for advanced research are the primary foci of the Institute of Agricultural Sciences (IAGS). Four regular batches of BS (Hons.), two of M.Sc. (Hons.), three of M.Sc. (Hons.) leading to Ph.D. and six of Ph.D. are in progress. During the report period 132 students to BS (Hons.), 16 to M.Sc. (Hons.) and 11 to Ph.D. program were

admitted. Since the establishment of the institute, eight batches of BS (Hons.) 4-year program, eight batches of M.Sc. (Hons.) and two Ph.D. programs have passed out. In the area of teaching, attention is being focused on concept building. This goal is achieved by observing the curriculum developed by HEC to meet the national needs. Quality enhancement is addressed on the guideline proposed by HEC and PU faculty assessment criteria. The guidelines are based on credit hour allocation, infrastructure development, student teacher relationship and involvement of parents in class performance of students. The Module understandings are accelerated by utilizing the tools of teaching, tutorials, quizzes and presentations are regular features. Research activities are of academic, applied and adaptive nature. Research projects assigned to Ph.D. students are oriented to cover these aspects. Faculty members have won several research projects with funding from Punjab university and other well reputed local and international organizations. The Institute is also playing a vital role in human resource development in education and farm resource capacity enhancement.

- The institute is playing a significant role in dissemination of scientific information by publishing a biannual scientific journal "Mycopath" and a quarterly newsletter 'Agricultural News' as well as 'Research Bulletin'. Seminars, invited lectures from nationally and internationally reputed scientists is regular feature of the activities. To inculcate healthy activity of mind and spirit students are involved in various academic & extracurricular committees, and are strongly encouraged to join scientific societies.
- Student Magazine 'Mycomag' is also being published annually. During this period 179 books, 12 research journals, 8 newsletters, 41 reports and 14 theses were added in the library of the institute. The First Fungal Culture Bank of Pakistan has isolated, purified and conserved 98 fungal and 70 bacterial species during the report period. Herbal Heritage Centre after standardizing techniques of Aloe vera gel and essential oils production at lab scale has acquired locally fabricated pilot plants for commercial production of both.

- **Academic Achievements**

- The Institute of Biochemistry and Biotechnology (IBB), established in 1996 with the aims to cultivate the students' knowledge and skills in biochemistry and biotechnology and to engage in relevant research in keeping with the university policy for the advancement of scientific research. Since the first academic session initiated in 1997 it has been providing a sound base of biochemistry and biotechnology. Alongside experience of the manipulative skills essential for future research, students are equipped for a career in this exciting discipline. During the last decade, the academic system and research capabilities have been greatly improved and the Institute enjoys a high reputation amongst the scientific and research organizations of the country
- The Institute has qualified and committed team of 17 faculty members - one professor, seven assistant professors, and nine lecturers.
- In order to augment and strengthen institutional research capacity and teaching standards the Institute is planning research and academic linkages with foreign universities and local industry sectors in the upcoming years.

- **MS and PhD Programmes**

- Presently, 104 research scholars are working in the School for their Ph.D. degrees. Most of the students admitted in 2003-2006 have obtained their Ph.D. degrees. The fifth batch students are fairly advanced in their research projects and are in different stages of compiling their data, write up of theses and giving final touches to their research work. The sixth scholars are fairly advanced in their research projects and are making satisfactory progress. The seventh batch have completed their prescribed course work and are in their initial stages of planning experiments and running pilot experiments. The eighth batch of the students have just finished their comprehensive examination and International GRE. The ninth batch is in the initial stages of their course work.
- The Ph.D. students of the School have undertaken their mandatory Semester Examinations, Comprehensive Examinations and International GRE, which they have passed with excellent scores. SBS is the only institute in the the university whose students regularly undertake international GRE in their respective subjects.

DEPARTMENT OF MOSQUES

Telephone (s): +92-42-99231135

E-mail Address (s): incharge.mosque@pu.edu.pk

Punjab University's Department of Mosques consists of six mosques, an Institute of Hifz-e-Quran adjacent to Jamia Mosque, an Institute of Nazira attached to E-Block mosque and a Library. Out of six mosques, four are situated in the Quaid-e-Azam (New) Campus while two are in Allama Iqbal (Old)

Campus. All administrative and other issues of all mosques, institutes of Hifz-e-Quran, Nazira and Library are controlled through the main office attached to Jamia Masjid.

In the Institute of Hifz-e-Quran, four teachers have been appointed who are teaching the admitted students. Regular classes are being observed from Monday to Saturday in specific hours. But to facilitate the admitted students, additional classes are also held after Maghrib prayer which is helping to enhance the educational capability of students. Moreover, students belonging to various departments of the university also attend these classes to learn and improve their reading ability of Holy Quran.

Following 13 students of the Institute completed Hifz-e-Quran during Oct. 2012 to Sep. 2013:-

- Muhammad Saad Ahsan S/o Tanveer Ahsan
- Muhammad Waqas Sagheer S/o Sagheer Ahmad
- Muhammad Ali S/o Muhammad Jamil
- Ahmad Abdul Rehman S/o Mujahid Azeem Tariq
- Rana Muhammad Usama S/o Muhamamd Aslam
- Muhammad Azeem S/o Muhammad Saleem
- Hussain Abdullah S/o Dr. Muhammad Abdullah Saleh
- Abdul Rehman Alamgir S/o Muhammad Alamgir
- Muaaviya Haroon S/o Muhammad Haroon
- Muhammad Tayyab Khan S/o Mhammad Riaz Khan
- Khubaib S/o Khalid Saeed
- Ghulam Fareed S/o Zulfiqar Ali
- Muhammad Arsam Iftikhar S/o Iftikhar Ahmad

Many of these students got holy opportunity of leading Taraweeh prayer and listening Quran in the month of Ramazan.

In the Institute of Nazira, separate classes are being arranged for boys and girls. For this purpose, services of female teachers for girls and male teachers for boys have been hired. Alhamdulillah, as many as 190 male and female students have been studying and 20 students completed the Quran.

The department is also arranging weekly Dars-e-Quran, which is conducted on Tuesday after Maghrib to Isha prayer. A large number of university students, teachers, employees and other people attend with religious zeal.

Maintaining previous years' tradition, the department also arranged collective aitkaaf in the Jamia Masjid in the holy month of Ramazan as well. The department arranged lectures of university teachers and renowned religious scholars on various Islamic topics for the educational and practical training of aitkaaf observers besides conducting Dars-e-Quran after Zohar prayer.

• Development Activities

- The department purchased 25 new pedestal fans keeping in view the increasing number prayers during Friday prayer.

- Due to increase in electricity load-shedding hours, it had become very difficult for students to continue their studies with peace of minds. To solve the issue, the department purchased and installed two new Uninterrupted Power Supply (UPS) in the Institute of Hifz-e-Quran.

- **Library**

The Library of Mosques Department provided quality services to its users efficiently throughout the year. To provide quality services, as many as 255 books in Urdu, Arabic and English languages, covering areas of Quran, Tafsir, Hadith, Fiqh, Seerat-un-Nabi (PBUH), etc. were purchased from October 2012 to September 2013, besides continuing the subscription of Islamic research journal for the library. The library also started purchase of Weekly Zarb-e-Momin for its users. Thus, the library collection during the said period crossed over 11500. The users were helped and guided about the use of catalogue for searching their required reading material from the library collection. The students were also provided books on demands in timely-writing their assignments. They were also provided facility of photocopying their required pages of the book for the purpose. The users were provided congenial reading environment which helped them frequently visit the library on daily basis.

- **Academic Achievements**

The Centre of Excellence in Solid State Physics was established in 1974. The major aim of establishing the Centre in this field was to provide the country with technically trained manpower and to establish research facilities in the field of solid state physics. The Centre offers M.Phil. degrees, Ph.D. degree and collaborative research work. The analytical facilities established in the Centre were successfully utilized to help various projects of National Importance. Students of various universities of Pakistan are offered these analytical facilities, and hundreds of samples of many different students have been analyzed, through ASIP and HEC, to date. Centre of Excellence in Solid State now boasts to have established facilities for theoretical and experimental research in the fields of materials preparation and characterization to device fabrication and characterization.

- Number of faculty members: 13
- Number of books & Journal: 4164
- Number of M.Phil. students enrolled: 135
- Number of Ph.D. students enrolled: 15
- Number of students completing M.Phil. degree: 46

- Additions or improvements in teaching & research laboratories: some analytical equipment have been added

- Common courses for BS (4 Years) Biochemistry & Biotechnology, Applied Psychology, Clinical Psychology and Physics

- **Academic Achievements**

- Center for Undergraduate Studies is successfully running BS (4 Years) program for Chemistry, Botany, Zoology, Mathematics, and Statistics, Students are admitted in their main departments and then transferred to the Center for first two years, where they learn compulsory subjects along with electives. In addition, student of biochemistry and biotechnology, applied and clinical psychology and physics come to the Center to study common courses like English, affiliated colleges and is providing curriculum, scheme of studies and guidelines to the affiliated colleges. Faculty is also making significant research output each year with curricular activities, among these. Annual dinner was also arranged where the successful players were awarded trophies and certificates. Zoology and Chemistry laboratory have been developed this year, and many

books have been purchased for library. At present there are nearly 2500 books in the library of different disciplines from which students benefit whenever they desire. In addition many intellectual and academic journals are also regularly delivered to the library for the students. Center also has the credit of being second most important venue for entry tests after examination halls. Video conference facility and Al Raazi Hal are the most important and fully engaged assets of the Center.
