

## Dates and Timings

### Pre-Conference Workshop

Tuesday March 3, 2020

08:00 – 9:30 a.m. check in

09:30 am – 04:00 pm Training

## Conference Awards

Award for best paper from students  
(Oral and Poster both days of Conference )

## Registration

Participants can register online on conference  
website

<http://www.cees.edu.pk/conference/home.html>

### REGISTRATION FEE

For local professionals / Industry Representatives:

Early Bird: PKR 4000.00

On Desk: PKR 6000.00

For Foreign Participants:

Early Bird: US\$ 175

On Desk: US\$ 200.00

For Students / Young Researchers:

Early Bird: PKR 1500.00

On Desk: 2000.00

Deadline for Early Bird Registration

January 30, 2020

## Conference Organizing Committee

### Patron in Chief

**Prof. Dr. Niaz Ahmad Akhtar**

Vice Chancellor, University of the Punjab,  
Lahore-Pakistan

### Patron

**Prof. Dr. Sajid Rashid Ahmad**

Principal, CEES, P.U., Lahore

### Organizing Secretary

**Mr. Muhammad Waqar**

Lecturer, CEES, P.U., Lahore

## Abstract Submission & Key Dates

**Deadline for Abstract Submission:  
January 15, 2020**

**Deadline for Early Bird Registration  
January 30, 2020**

## 2<sup>ND</sup> INTERNATIONAL CONFERENCE

ON

**Emerging Trends in Earth and  
Environmental Sciences**

**(MARCH 4-6, 2020)**

## Publication of Paper

All accepted abstracts will be published in  
ETEES -20 **Abstract Book**. Selected research  
papers will be published in Pakistan Journal of  
Environmental Sciences (PJES) after the  
Conference

**College of Earth and  
Environmental Sciences  
University of the Punjab  
Quaid-I-Azam Campus, Lahore**

## 2<sup>ND</sup> International Conference On Emerging Trends in Earth and Environmental Sciences

Environmental Changes on the planet earth like desertification of cultivated lands, silting of dam reservoirs, water, logging, salinity and contamination of agricultural soils, contamination of groundwater, and looming threats to the water and tourism hotspots have created problems. Over exploitation of resources has adversely impacted the environment and looming dangers of degradation and destruction of ecological infrastructure are essentially needed to be addressed. The management of environment has always been of vital importance for existence of human and other forms of biodiversity on earth. Like other parts of the world, the scientists from Pakistan have started highlighting the role of environment on earth not to leave behind a legacy that will make the life of tomorrow more threatened than is felt today.

Pakistani economy is losing one billion rupees (or\$ 9.6 million) a day due to increased environmental degradation. Environmental degradation is occurring due to industrialization concentrated in narrow zones and having ill defined boundaries from nearby urban sprawl. The mining activities, use of pesticides and insecticides, exploding population and poor town planning are the other factors. Weaknesses in the institutional and regulatory framework, limited human, technical and financial efforts and constraints to overcome these issues.

The College of Earth and Environmental Sciences (CEES) is one of the leading institutes covering the disciplines of Environmental Sciences, Applied Hydrology, Tourism and Hospitality Management, Geomatics and Occupational Health and Safety Management.

The CEES team is pleased to announce the 2<sup>nd</sup> International Conference on "Emerging Trends in Earth and Environmental Sciences (EES 2020) to be held on March 04-06, 2020 in Lahore Pakistan. The main aim of the Conference is to provide a platform creating opportunity for renowned scientists and professionals from around the world and Pakistan join for sharing knowledge and experience.

## Conference Tour

Being rich in cultural heritage, the city of Lahore offers variety of places to visit and cherish. The historical Walled City Lahore, Lahore Museum, Minar-e-Pakistan, Lahore Fort, Badshahi Mosque, Wazir Khan Mosque, Sightseeing Lahore tourist bus service, are worth watching. During conference tour will be conducted in different parts of Lahore. The post-conference tour will be conducted to Salt Mines of Khewra, world's second largest salt mine with its history dating back to its discovery by Alexander's troops in 320 C.

Phone: +92-42-99233121-2, 0323-4692392, 0345-6393981, 0300-4466757  
Organizing Secretary  
E-mail: [waqar.cees@pu.edu.pk](mailto:waqar.cees@pu.edu.pk)  
Cell. No. 0300-8470712

## Conference Themes

Applied Hydrology  
Aquifers and Groundwater  
Atmospheric Gas Phase Chemistry  
Biodiversity Conservation and Management  
Carbon Sequestration and Carbon Crediting  
Cleaner Technologies for Sustainable Development  
Climate Change and Habitability  
Composting and Recycling  
Ecotourism and Hospitality Management  
Ecotoxicology  
Emerging use of Information Technology in environmental Sciences  
Environmental Biotechnology  
Environmental Chemistry  
Environmental Ethics and Genetically Modified organisms (GMOs)  
Environmental Nanotechnology  
Environmental Sciences leading to Environmental Engineering  
Geomatics  
Geoethics  
Geosciences  
Greenhouse Gases and Global Warming  
Meteorology and Weather Science  
Natural Hazards and Catastrophes  
Occupational Health & Safety  
Policy Making  
Remote Sensing (RS) and Global Information System (GIS)  
Sanitary Landfills and Energy Recovery  
Soil Pollution and Remediation  
Solid Waste management  
Sustainable Ecosystem Services  
Sustainable Energy  
Urban Environment Economics  
Urban Planning and Development  
Wastewater Treatment
