

Introduction

The Department of Geography, University of the Punjab has a tradition of organizing Geographic Conferences on a National and International scale. In this context, Department has the honor of organizing 2nd All Pakistan Geographical Conference in 1966, 11th in 2003, 12th in 2007 while 14th in 2012. Keeping the tradition alive; Department is now organizing 16th All Pakistan Geographical Conference on the theme "Globalization, Environmental Challenges and Changing Paradigms of Geography in Pakistan". Putting together this event will provide opportunities for scholars working in the field of Geography as well as environmental sciences, urban and city planning, IT professionals, GIS and Remote Sensing specialists working at key positions in numerous Governmental and Non-Governmental organizations of Pakistan. This conference will broaden the horizon of research in the fields related to Geo-Sciences Climate Change, Water and Environmental Management.
