PU International Symposium on Advanced Energy Storage Materials (PU-AESM-2019)

Department of Physics, University of the Punjab
November 04-06, 2019

About Us

The PU International Symposium on **Advanced Energy Storage Materials (PU-AESM-2019)** is going to be held at Department of Physics, University of the Punjab, Lahore, Pakistan. The department has a rich history where many renowned scientists such as Prof. Arthur Holly Compton (Physics Nobel laureate in 1927) and Prof. Abdus Salam (Physics Nobel laureate in 1979) have remained associated. The PU-AESM-2019 will provide material scientists a platform to interact and share their research findings and developments. Researchers from other countries will also participate in PU-AESM-2019.

Scope

Electrode materials for batteries and supercapacitors
Computational materials for energy storage

Tutorial

A special tutorial on XRD profile matching and 3D visualization crystal structure drawing will be arranged.

International Speakers:

1. Dr. Tim-Patrick Fellinger (University of Bonn, Germany)
2. Dr. Asad Mehmood (Imperial College London, UK)
3. Dr. Chairul Hudaya (University of Indonesia, Indonesia)
4. Dr. Jawwad A. Darr (University College London, UK)

National Speakers:

1. Dr. Shoaib Muhammad (LUMS, Lahore)
2. Dr. Sheeraz Mehboob (PINSTECH, Islamabad)
3. Dr. Altaf Kareem (CUI, Islamabad)
4. Dr. Anwar-ul-Haq Ali Shah (University of Peshawar, Peshawar)
5. Dr. Mashkoor Ahmad (PINSTECH, Islamabad)
6. Dr. Aamir Razaq (CUI, Lahore)
7. Dr. Muhammad Tanvir (University of Lahore, Gujrat)
8. Dr. Muhammad Zahir Iqbal (GIKI, Khyber Pakhtunkhwa)
9. Dr. Faheem K. Butt (University of Education, Lahore)
10. Dr. Khalid Shah (KRL, Islamabad)
11. Dr. Intikhab Ulfat (University of Karachi, Karachi)
12. Dr. Ata-ur-Rehman (QAU, Islamabad)

Coordinator
