FEW WORDS TO KNOW ABOUT US

Pakistan Phytopathological Society is the premier society dedicated to high-quality learning, innovation and outreach in the discipline of plant pathology. It was established in 1983 with Late Dr. A. Sattar (Late), the pioneer Plant Pathologist of Pakistan its founder president and Dr. Abdul Hafiz (Late) as the first Chief Editor of its Journal (Pakistan Journal of Phytopathology).

For more than a century, members of Phytopathological society have been making and sharing significant breakthroughs, both for the science and society. Phytopathological Society is driven by a distinctive community of scientists, whose wisdom and commitment ensure the global advancement of this important science.

The Pakistan Journal of Phytopathology and Newsletter are regular official publications of the society. With the grace of Allah Almighty and cooperation of fellow scientists, this society enjoys representation from all over the world. The standard of Pakistan Journal of Phytopathology is not less than that of any international Journal, with International editorial board and abstracting by international abstracting agencies like CABI-UK, BIOSIS-USA, AGRINDEX-FAO. Moreover, this society is good example of self-sustaining, cooperation and unity of Plant Pathologists. Since its existence, PPS has successfully organized nine national and four (04) International Conferences.
