

Your Institute has Access to IEEE Xplore Digital Library
1/3rd of the world's current electrical engineering & computer science literature

1. Please go to
www.digitallibrary.edu.pk

2. Click/select on institutes at the top 4th option i.e. "Institutes".

Welcome to Our DL Website!

HEC NATIONAL DIGITAL LIBRARY PROGRAMME

HEC National Digital Library (DL) is a programme to provide researchers within public and private universities in Pakistan and non-profit research and development organizations with access to international scholarly literature based on electronic (online) delivery, providing access to high quality, peer-reviewed journals, databases, articles and e-Books across a wide range of disciplines. The e-books support programme will allow researchers to access most of the important text and reference books electronically in a variety of subject areas. Around 75,000 number of electronic content has been made available through the Digital Library Programme.

3. Select the sector of your university i.e.

- Public Sector Universities
- Private Sector Universities
- Other Research Institutes

4. Select your region type i.e.

- Rawalpindi/Islamabad
- AJK
- Balochistan etc.

5. Select your university after selection of the region.

- The Digital library page of your selected Institute/University will appear on your screen with a complete list of "Available Resources".
- Click/select the required resource of your Academic/Research interest from the given list of "Available Resources". Select "INSTITUTE OF ELECTRICAL & ELECTRONICS ENGINEERS (IEEE)". No Username/Password required to access the desired resource.
- IEEE Xplore homepage will appear.

Start your search here

- IEEE Xplore searches for all search terms entered and ranks results by relevance.
- BASIC SEARCH** matches metadata, which includes fields such as document title, author, publication title, abstract, index terms, etc.
- To use Boolean operators or search within the full-text, go to **ADVANCED SEARCH**.
- A **WILDCARD** asterisk (*) represents any or no characters. - secur* retrieves secure, secures, security, securing, etc.

How to refine results

- On the search results page, under **REFINE RESULTS BY**, use **SEARCH WITHIN RESULTS** to enter additional search terms.
- You can also refine by **FACETS** such as Year, Author, or Affiliation. For example, to limit your search to one or a few authors, select the author(s) then click **APPLY REFINEMENTS** to view refined search results.
- To remove search terms or refinements from the search, click "X" next to the item.
- Use the drop-down menus to change the number of results displayed **PER PAGE** or the **SORT BY** order (newest first, most cited by papers or patents, etc.)

Advanced search options

- » In **ADVANCED KEYWORDS / PHRASES**, you can limit your search to specific fields (including full-text) and combine search terms using Boolean operators (AND, OR, NOT).
- » Switch to the **COMMAND SEARCH** to use advanced Boolean operators, such as **NEAR**, and nested concepts.
- » Use the **CITATION SEARCH** tab to search for specific items, such as issue, page number, and year.

Save Search Alerts

- » Sign in with your free IEEE personal account or choose **CREATE ACCOUNT** to register.
- » Perform a search in IEEE Xplore. Refine or broaden until you are satisfied with your results.
- » Click **SET SEARCH ALERTS** from the Action Bar.
- » Name your Search Alert and choose **SAVE**.
- » You will receive a weekly email as new content becomes available based on your specifications.

Manage Search Alerts

- » Sign in with your free IEEE personal account
- » Go to **MY SETTINGS** and choose **SEARCH ALERTS**
- » Access up to 15 saved searches
- » Run your saved search-click on the search name
- » **DELETE** the Search Alert
- » **DISABLE ALERT**-turn off emails but retain saved search for your account

Content Alerts

- » Sign in with your free IEEE personal account
- » Go to **MY SETTINGS** and choose **CONTENT ALERTS**
- » Scroll to select titles you want to track - check multiple boxes at once.
- » Click **UPDATE**—you will start receiving Tables of Contents or other notifications when new content is published.
- » Navigate between tabs to set email alerts on Journals & Magazines, Conferences, Standards, and eBooks.

About IEEE Xplore®

The IEEE Xplore digital library is a powerful resource for discovery of scientific and technical content published by the IEEE (Institute of Electrical and Electronics Engineers) and its publishing partners.

IEEE Xplore provides web access to more than four-million full-text documents from some of the world's most highly-cited publications in electrical engineering, computer science, and electronics.

The content in IEEE Xplore comprises:

- 195+ journals
- 1,800+ conference proceedings
- 6,200+ technical standards
- Approximately 2,400 eBooks
- 425+ educational courses

Approximately 20,000 new documents are added to IEEE Xplore each month.
