

Programme	BS Political Science	Course Code	PS-111	Credit Hours	3
Course Title	Origins of Democracy and Democratic Institutionalism: Philosophical Approaches				
Course Introduction					
<p>This course explores the philosophical foundations of democracy and the development of democratic institutionalism. Beginning with the ancient origins of democratic thought in Greece, students will trace the evolution of democratic ideas through the Enlightenment to contemporary times. The course examines key philosophical debates on the nature of democracy, the role of the citizen, the concept of liberty, and the design of democratic institutions. By engaging with the works of influential philosophers such as Plato, Aristotle, Rousseau, Locke, and Rawls, students will gain a deep understanding of the philosophical underpinnings of modern democratic systems. The course also considers how these ideas have shaped the development and functioning of democratic institutions in various historical and cultural contexts.</p>					
Learning Outcomes					
<p>On the completion of the course, the students will:</p> <p>Students will gain a comprehensive understanding of the philosophical origins of democracy, from ancient Greece to contemporary thought, and how these ideas have influenced the development of democratic institutions.</p> <p>Students will critically evaluate key philosophical debates on democracy, including the nature of citizenship, liberty, and governance, and how these concepts have been interpreted and challenged over time.</p> <p>Students will apply philosophical theories to analyze and assess the design and functioning of democratic institutions in various historical and cultural contexts, demonstrating an ability to engage with contemporary democratic challenges.</p>
