International Conference on Engineering Sciences (ICES 2012)

28-29 February, 2012

University of the Punjab is the most prestigious seat of learning in higher education in the historic and culturally alive city of Lahore. The esteemed Institute of Chemical Engineering and Technology (ICET) has been consistently catering to the needs of qualified and trained professional manpower in the form of respective national industries over the past many decades. The alumni of the Institute have prodigiously contributed towards the development of process industry as well as various allied industries in Pakistan. Their performance at home and abroad is equally commendable.

The ICET has been hosting Symposia on Engineering Sciences since 2008. In continuation to its efforts, first International Conference on Engineering Sciences has been scheduled to be held on 28-29 February, 2012 at the scenic Quaid-i-Azam Campus of University of the Punjab, Lahore, Pakistan. Like the past years, a large number of national and international participants are expected to attend the conference.

The aim of the conference is to provide a platform in order to bring together researchers, scientists and engineers from academia, research institutions and industry to exchange information, experiences and expertise in their respective fields.

Major fields include, but are not limited to :

- Chemical Engineering and Technology
- Metallurgy and Materials Engineering
- Electrical Engineering
- Industrial Engineering
- Quality in Process Industries
- Environmental Engineering
- Coal and Renewable Energy Technologies
- Water and Waste Water Treatment

The emphasis is on addressing the problems of energy and environment.

Besides sharing of scientific knowledge, the conference will provide an opportunity for observing the historical and cultural city of Lahore.

Registration can be made by sending completed registration form along with the required fees in the form of a Pay Order or Demand Draft in favor of:

Director, Institute of Chemical Engineering and Technology, University of the Punjab,
Quaid-i-Azam Campus, Lahore.
